

# SHAPESTONES

## TSCM **Hotel Services**

Technical Surveillance Counter-Measures

Shapestones Ltd was founded with one main objective and that is to protect and ensure your privacy.

For the most exclusive traveller, we offer dedicated TSCM package services which protects your business or leisure accommodation from the most advanced technical threats.

## DRAGONS & SHARKS - BUSINESS

Counter-espionage sweep, utilising state-of-the-art electronic scanning and bug detection systems.

The survey includes:

- Hotel Suites / Rooms
- Meeting or conference facilities

## HOLIDAY "PEACE OF MIND"

Everything one needs to take a holiday with the assurity that that their privacy and movement are not compromised. We provide efficient sweep solutions for accommodation and vehicles to keep privacy and security intact.

## LUXURY

The bespoke full-cover service designed to suit the needs of the most prestigious clientele throughout their stay.

We conduct our surveys using professional REI technical equipment. REI is acknowledged world-wide as the market leaders in equipment manufacture, research and training for counter-espionage.

Our operatives have trained in the US and have obtained REI Certification in Counter-Measure and Radio Frequency Analysis.

Shapestones Ltd has the technical know-how and the latest counter-surveillance equipment to detect and unearth any hidden eavesdropping devices, bugs, covert cameras, and anything else that might compromise your privacy in communication and business.

Our staff are highly-trained, skilled operatives with years of experience. It is our belief in hard work, professionalism and discretion that has built our reputation over 5 years in the UK security industry, and more than 20 years worldwide. Shapestones uses the most technologically-advanced REI technical equipment and training, which makes us one of only a handful of such organisations in the UK.

With our global network of resources we can provide rapid TSCM Services anywhere in the world. Companies and private individuals count on us to delivery these specialised "bug sweep" services in a wide of variety of locations and venues.

We recognise the fact that every client is different and that is why we take the time to fully ensure that any threat to your privacy will be neutralised. Our ultimate goal is customer protection.
